

# Best Western Homestead Court Hotel

Homestead Lane, Welwyn Garden City, AL7 4LX

Product used: Spapanel, Colour Travertine with Satin Silver Profile Trims. **Project Value £25k**

## Project Details.

The Directors of the Best Western Hotel Welwyn Garden City decided to try a new, clean and very effective alternative to traditional tiles by installing Waterproof Decorative Wall Boards in over 65 en-suite bathrooms of the Homestead Court Hotel.

The cost effective, modern alternative was a faster and cheaper method than tiling. Both in labour expenses and reduced down-time, as the panels can be installed in half the amount of time than tiles.

The elegant appearance will stay looking clean and fresh for many years to come and with no grout lines to worry about cleaning is far less frequent and so much faster than when it was tiled.

## Homestead Court Hotel.

The hotel offers free gym, spa, and pool use to guests through arrangement with Gosling Sports Centre.

The hotel offers excellent accommodation with 74 contemporary rooms, each with fully equipped en suite bathrooms. There are also 2 fully equipped disabled rooms and 6 executive studios supplied with a kitchenette.

### Quote

*"I am happy to recommend your products. I am using the panels for our hotel you sold us for the main reason that we will not need to re-grout the tile every few months and to get rid of mould in the bathroom.*
